## SECTION 00 25 13 – PREBID MEETINGS

### PART 1 -

Work with the Michael Kinder and Sons, Inc. to schedule the pre-bid meeting(s) so that the Contractor and Sub-contractors have sufficient time to examine the drawings before the meeting and have several days to ask questions after the meeting. Schedule a firm deadline for submittal of questions from the Contractor. After the question submittal period ends, schedule sufficient time to prepare and issue the final addendum. Allow the Contractor sufficient time to fully incorporate the addendum pricing into their bids before bids are due. All questions received from the Contractor and Subcontractors, and answers to these questions are to be included into the addendum.

The pre-bid meeting shall be chaired by the Construction Manager with the following as the minimum agenda:

1. Confirm that bidders have a full bid package including any addenda issued to date.
2. Review the timetable for submitting questions and issuing addenda.
3. Confirm the bid date and time.
4. Advise that no changes to the Contract Documents are binding unless included in an addendum. State that all questions and answers will be issued as part of the next addenda.
5. Review the project scope and schedule.
6. Describe any particular difficulties related to this project.
7. Tour the site and existing conditions.
8. Have a question and answer session.
