TOTALS													

NOTE: Bidder's failure to complete DHR Form PC-2 may result in rejection of the bid. Bidder shall set forth a total projection of the total workforce to be allocated for this contract. Approval of the workforce hiring projection is a post-award requirement.

- 5. Apprenticeship and Training Certification: Bidder certifies that it is a participant in an approved apprenticeship and training program applicable for the type of work that it will perform.**
Attach your official Certificate of Registration or a verification letter from the US Department of Labor certified group program sponsor for the USDOL certified apprenticeship and training program of which you are a member for each type of work that you will perform.
- 6. Each Subcontractor will be required to sign the Project Labor Agreement provided in the specifications.** Reference Section 00 43 43 Prevailing Wage Act for a copy of this agreement. This does not need turned in with your bid.
- 7. Each Subcontractor and Supplier will be required to comply with the LEED Version 4 for Building Design and Construction documentation for this project.** Reference Section 01 81 13.14 Sustainable Design Requirements. Project Goal: LEED Silver.
- 8. Section 01 78 36 – Extended Warranties & Bonds.** Reference Section 01 78 36 for scopes of work that require extended warranties. Your pricing must include these extended warranty requirements.
- 9. Section 01 91 00 – General Commissioning Requirements, and Section 01 91 10 – Enclosure Commissioning Requirements** contain specific requirements for commission as it relates to the building envelope. Your proposals must include commissioning services. As well, these sections contain specific requirements for mock-ups to be provided both in place and stand alone.
